

DELL 32 CURVED GAMING MONITOR | S3222DGM

Reviewer's Guide – May 2021

Product appearance may vary slightly from image shown.

Dell 32 Curved Gaming Monitor | S3222DGM

Your front row seat to high-speed thrills

From its exterior styling and interior architecture to the best-in-class technology, Dell is proud of our deep heritage in pushing the boundaries in design, innovation and functionality. Our Dell 32 Curved Gaming monitor is built to deliver swift and responsive gameplay, versatility and highly customisable features to deliver an exceptional and immersive gaming experience to mainstream and casual gamers.

Smooth & stutter-free

Enjoy seamless, stutter-free performance during high-speed action thanks to NVIDIA® G-SYNC® Compatible Certification and AMD FreeSync™ Premium Technology.

Rapid responsiveness

The fast 165Hz refresh rate allows fast-moving visuals to be seen with incredible clarity so you can react quicker. Fast 2ms GtG (Gray to Gray) response time eliminates motion blur and ensures a consistently smooth performance during high-speed action.

See every detail

You won't believe how immersive it will feel with a 31.5" curved QHD display that offers 77% more screen content than you'd get with Full HD.

The full spectrum

VA panel technology delivers a high 3000:1 contrast ratio for deeper blacks and brighter whites. Together with sRGB 99% colour coverage, the colours are extremely vibrant across a wide viewing angle (178 degrees).

A brand to rely on

We take pride in our unyielding commitment to quality and the utmost satisfaction of our customers. Dell Premium Panel Exchange allows a free panel replacement during the Limited Hardware Warranty period even if only one bright pixel is found. Minimise downtime with 3-year Advanced Exchange Service.

Feature Overview

Product Details:

- 165Hz refresh rate allows fast-moving visuals to be seen with incredible clarity for faster reaction times. Faster reaction times means you stay ahead of the competition.
- Not only is your gameplay crisper, but with a 1ms MPRT/ 2ms gray to gray response time, the pixels themselves change colour almost instantaneously to eliminate motion blur.
- Stay engaged in the heat of battle with swift, responsive, stutter-free gameplay with AMD FreeSync™ Premium Technology. The Dell 32 Curved Gaming Monitor also features support for gaming console Variable Refresh Rate (VRR).
- VA panel technology delivers a high 3000:1 contrast ratio for deeper blacks and brighter whites. Together with sRGB 99% colour coverage, the colours are extremely vibrant across a wide viewing angle (178 degrees).
- A 1800R curved screen with a 3-sided narrow border provides a truly immersive gaming experience by enhancing field of vision, while reducing distortion, glare and reflection.
- In-game advantage: 3 user-defined profiles to fit the variety of games played in addition to 4 preset modes and game features such as Timer, Frame Rate Counter, Dark Stabiliser
- Easy height and tilt adjustability allow you game in comfort for extended periods.
- A new uniquely designed downlight provides ambient illumination for gaming in low-light environments.
- Dell Premium Panel Exchange allows a free panel replacement during the Limited Hardware Warranty* period even if only one bright pixel is found.

Availability: Starting May 7, 2021 (China); June 22 (RoW)
Starting price: US\$499

Feature Overview

Evolved design. Enhanced gaming.

- A new uniquely designed downlight provides ambient and desktop illumination ideal for gaming in low-light conditions.
- The new distinct, gaming-centric design favours a bolder look and gaming features that offer both functional and aesthetic benefits for gamers.
- Uniquely-designed vents on the back of the monitor are engineered for enhanced heat dispersal.
- Controlling the brightness using a direct current enables a flicker-free screen, giving you a more comfortable viewing experience. Additionally, the ComfortView feature reduces harmful blue light emissions to help reduce eye fatigue for your next marathon gaming session.

Height adjustment up to 130 mm | Tilt (-5° to 21°)

Fully adjustable & wide connectivity:

- Game in comfort for extended periods thanks to a new slim, tapered stand with easy height and tilt adjustability.

Gaming-centric On-Screen Display (OSD)

- Enhance your gaming experience with Game Enhance Modes (Timer, Frame Rate, Display Alignment) that can be selected via OSD menu
- Customisable and pre-set game modes (FPS, MOBA/RTS, RPG, SPORTS) found on the monitor's OSD gets you optimised game visuals without having to manually adjust screen settings every time you play your game
