DELL SPEAKERPHONE WITH MULTIPOINT ADAPTER – MH3021P

Your mobile all-in-one conferencing and connectivity solution

Enjoy a seamless conferencing and connected solution with the world's first speakerphone with an integrated USB-C multiport adapter*. Compact and lightweight, this Zoom certified speakerphone allows you to make conference calls and connect to multiple devices at the same time, wherever work takes you.

Excellent audio

Collaborate anywhere with an omni-directional microphone that picks up sound all around. Built-in echo cancellation and noise reduction help others hear you clearly, while intuitive built-in call controls brings great convenience at your fingertips.

Ingenious design

Stay productive with the world's most compact all-in-one speakerphone*, featuring an easy-to-use innovative design that offers a plug and play conferencing experience, wherever work takes you.

Seamless connections

Connect to a display and other accessories, transfer large files in seconds and charge your laptop with up to 90W of power — all while you are engaged in a conference call.

DELL SPEAKERPHONE WITH MULTIPOINT ADAPTER – MH3021P

World's first speakerphone that offers a seamless all-in-one conferencing and connectivity solution*

Be heard from all angles: The built-in omnidirectional microphone offers 360 degree coverage to pick up sound from around the table, facilitating small group conferencing.

Compact and portable: Sleek and small, its compact design takes up little space — perfect for on-the-go.

Communicate clearly: Be heard clearly, thanks to built-in echo cancellation and noise reduction.

UC optimized: Zoom certified and optimized for other leading UC (Unified Communication) platforms like Microsoft Teams, allowing you the flexibility of getting on conference calls via your preferred platform.

Intuitive call controls: Speakerphone buttons make it easy to start calls, hang up and mute/unmute and adjust the volume. LED indicators provide clear visual guidance.

Comprehensive connectivity options

Crisp 4K resolution: With support for up to 4K resolution at 60Hz¹, you can connect a 4K monitor via the HDMI 2.0² or USB-C² port and enjoy uncompromised screen performance. Take advantage of HDR compatibility for vivid, lifelike visuals.¹

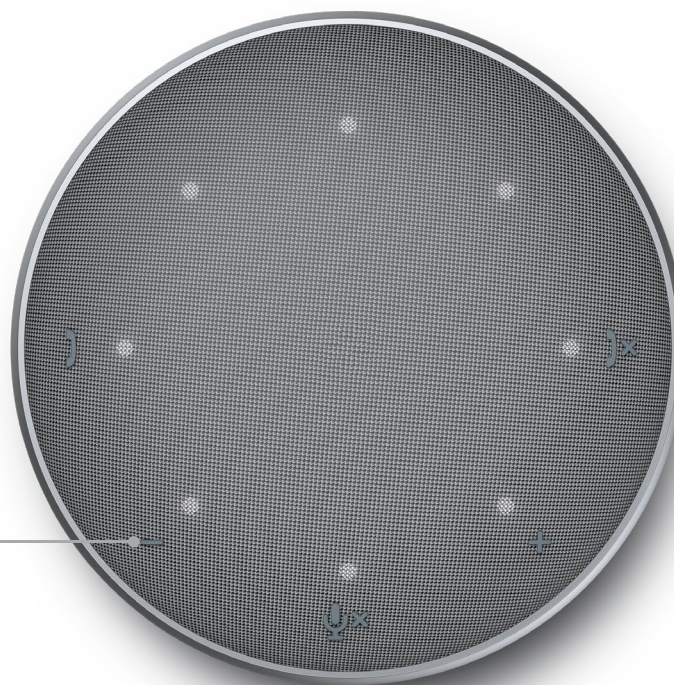

Work faster: Transfer large files in seconds with the USB-C and USB-A ports that offer fast data transfer speeds of up to 10Gbps.⁴

Power your PC: With a USB-C port that offers up to 90W power delivery³, you can charge a variety of PCs.

Easy plug and play: Setup is fast and easy — connect instantly without having to download any software for a ready-to-go solution. No drivers required.

Efficient cable management: Simply wrap and tuck the cable around the base to prevent tangles.

*Based on Dell analysis, March 2020.

1 Available with select PC models (that support DisplayPort 1.4, HBR3) and when connected to displays that offer 4K resolution at 60Hz, with static HDR support. Dynamic HDR like HDR10/HDR10+/DolbyVision is excluded.

2 Only one video output is supported at a time. If the HDMI and USB-C video are connected at the same time, HDMI will have priority

3 Up to 90W can be used to charge your USB-C laptop. Actual power supplied is dependent on your power source/platform power policy

4 When the Dell Speakerphone with Multiport Adapter draws power from the laptop:

(a) and is connected to laptop's USB-C/Thunderbolt port (3A/5V) – 2 downstream USB-A and 1 USB-C port support selected devices

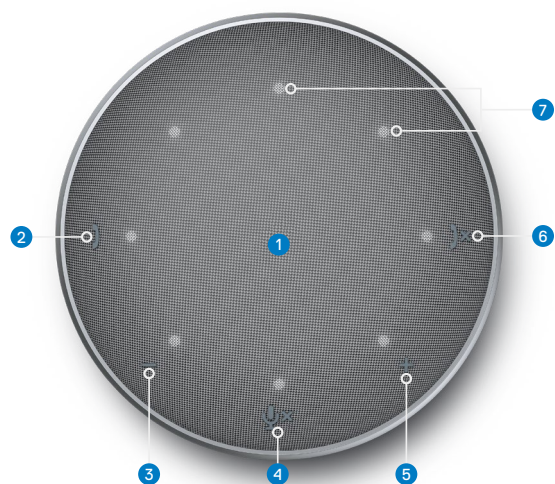

(b) and is connected to laptop's USB-C/Thunderbolt port (1.5A/5V) – 2 downstream USB-A ports and 1 USB-C can support low power consumption devices such as mouse, keyboard, Bluetooth / RF dongle, selected thumb drives

OR

When the Dell Speakerphone with Multiport Adapter is connected to USB-C power adapter or USB-C display:

and its USB-C cable is connected to laptop's USB-C/Thunderbolt port – 2 downstream USB-A ports support selected devices
