Dell 14 Plus 2-in-1

DB04250

DELLTechnologies

Sleek stylish 14-inch 2-in-1 with in-device Copilot+ powered by the latest Intel® Core™ Ultra processors designed to deliver uncompromised performance for the newest AI experiences and incredible battery life for seamless multitasking in versatile modes anywhere you go.

Latest Intel® Core™ Ultra processors (Series 2)

Built from the ground up with Intel's latest and most advanced client compute engines designed to deliver the newest AI experiences, ultimate power efficiency.

CPU: Ideal for real time multi-tasking and AI workload such as noise cancellation and instant transcription.

GPU: Ideal for AI-accelerated digital content creation and video editing with creation apps like Adobe.

NPU: Ideal for running AI features like Microsoft Studio Effects during video calls. Supports upto 48 TOPS

One seamless experience in four modes

Effortlessly switch between four modes with a 360 hinge and enjoy clear crisp visuals on a spacious 14" FHD+ display with 16:10 aspect ratio along with loud speakerphone quality audio that can heard clearly even in crowded environments. Available in a soothing neutral Ice Blue color with smooth rounded edges and a clean logo for a fresh new and modern look.

Portable functionality

Experience seamless productivity in any mode with a design that maximizes performance and portability ensuring you stay efficient and connected wherever you are.

Easy connectivity with a variety of ports and slots, WiFi7 for fast reliable internet anywhere, built-in webcam with AI noise cancellation to facilitate connections wherever you are.

Ideal for collaborating and lifestyle productivity on the go.

Be unstoppable with AI

Designed and built to spark and amplify everyday productivity on the go. Advanced productivity with intelligent real time assistance and incredible on device AI experiences with **Copilot+** like Recall, Live Captions, Cocreator and Windows Studio Effects.

Let AI draft quick emails, summarize documents, create blog posts or custom visuals anywhere you choose to work.

Secure and reliable.
Crafted with high quality materials and designed for durability, all Dell Plus laptops undergo rigorous military-grade testing to ensure exceptional reliability as you put it through the rigors of everyday use.

And an additional layer of security with the built-in Trusted Platform Module to protect your data.

Versatility looks better than ever

Sleek 14-inch 2-in-1 with on-device Copilot+ powered by Intel® Core™ Ultra processors, with stunning performance that powers the newest AI experiences and incredible battery life for seamless on-the-go multitasking with versatile working modes.

Tackle the newest AI experiences with ease. Do more in less time with on-device AI seamlessly and efficiently without draining your battery. Get real time intelligent assistance anywhere you go. Let AI draft quick emails, summarize documents, create a blog post or custom visuals.

DELLTechnologies

Stylish inside and out

Sleek modern comfortable device

16.39 mm at its thickest point and starting at 1.61 kgs[2] with a clean new look and a comfortable 180-degree hinge.

Built-in Webcam

Featuring FHD+ webcam for crystal clear video calls.

Amazing Battery life

An impressive battery life od up to 24 hours[4].

Speaker quality audio

Speaker quality speakers for an immersive surround sound experience.

Up to FHD+ resolution

A stunning tall screen with for sharp clear visuals.

Built-in NPU

Equipped with the latest Intel Core Ultra processors with built-in NPU to tackle the newest AI experiences with ease.

Fingerprint Reader

Built-in Finger print reader for instant, secure access.

WiFi 7

Experience fast, reliable internet connectivity[6].

Plenty of Ports

Connect easily wherever you are with a variety of ports.

AI noise cancellation

Enjoy clear distraction free calls and recordings for an enhanced communication experience.

Express Charge

Quickly boost your charge with ExpressCharge, recharging your battery to 80% in just 60 minutes[5].
Disclaimers:

[2] Weights vary depending on configurations and manufacturing variability.

[4] Battery life: Battery life may be significantly less than the test results and varies depending on product configuration and use, software, usage, operating conditions, power management settings and other factors. Tested configurations may not be available in all regions/countries at all times. Maximum battery life will decrease with time.

[5] Express Charge: ExpressCharge must be enabled within Dell Power Manager software. System must be powered off or in hibernation mode for ExpressCharge feature to function. After charging has reached the stated capacity, charging speed will return to normal speed. Recommended for use with the provided Dell power adapter; not recommended with a smaller capacity power adapter. Charging times may vary.

[6] Wi-Fi 7 certified products will roll out in accordance with the Wi-Fi Alliance certification schedule throughout 2024. WiFi 7 requires the latest Wi-Fi Alliance certification, Windows HLK certified device driver, hardware update, supported Windows OS version and compatible router.

Intel® Core™ Ultra Processors
Effortlessly tackle the newest AI experiences.

Built from the ground up with Intel's latest and most advanced client compute engines designed to deliver the newest AI experiences, ultimate power efficiency, and full day cooler and quieter performance that creators and workers need, wherever they are.

Intel® Core™ Ultra processors feature dedicated engines for specific tasks, resulting in exceptional performance, efficiency, & battery life.

CPU

Ideal for real time multi-tasking and AI workload such as noise cancellation and instant transcription.

GPU

Ideal for AI-accelerated digital content creation and video editing with creation apps like Adobe.

NPU

Ideal for running AI features like Microsoft Studio Effects during video calls. Supports upto 48 TOPS

One seamless experience in four modes

Sharp clear visuals

Enjoy vivid colors and sharp details on a spacious 14" FHD+ touch screen, with 300 nits brightness and a contrast ratio of 800:1. A 16:10 aspect ratio allowing you to be productive without constant scrolling and resembles a printed page, so its easier to read even when on-the-go.

Eye Comfort

Keep your eyes comfortable with Dell ComfortView, our TUV certified software solution that reduce harmful low blue light so you can continue enjoy your screen for longer hours.

Get into a natural flow

With a supported Dell Active Pen, interact intuitively with a touch screen and write and draw naturally.

Speakerphone grade audio

Enjoy your favorite content even in crowded environments with loud and clear speakerphone-grade audio.

Stunning function in every mode

Experience seamless productivity in any mode with a design that maximizes performance and portability, ensuring you stay efficient and connected wherever you are.

AI Noise Cancellation
Enjoy clear distraction free calls and recordings for enhanced communication.

Built-in Fingerprint Reader
Instant and secure access with a built-in fingerprint reader

Look your best on video calls
A built-in FHD webcam ensures you are ready to connect from anywhere and still look your best with sharp, clear images.
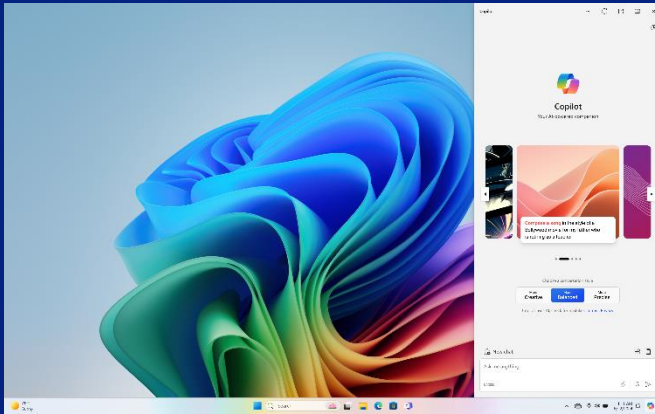

Stay Connected with WiFi 7
Work confidently anywhere you choose with fast, reliable internet connectivity with WiFi 7*.

A variety of ports
Be ready to plug and play with a variety of ports to connect, charge or display.

*Wi-Fi 7 certified products will roll out in accordance with the Wi-Fi Alliance certification schedule throughout 2024. WiFi 7 requires the latest Wi-Fi Alliance certification, Windows HLK certified device driver, hardware update, supported Windows OS version and compatible router.

# Do more with AI

Copilot+PC

Do

Get things done faster and find time to focus on what matters most to you with Copilot, your personal AI assistant. Make your online shopping easier, plan your next vacation or kickstart research for your class project in just a matter of minutes. With Microsoft 365 you can stay organized, collaborate and create content like a pro.
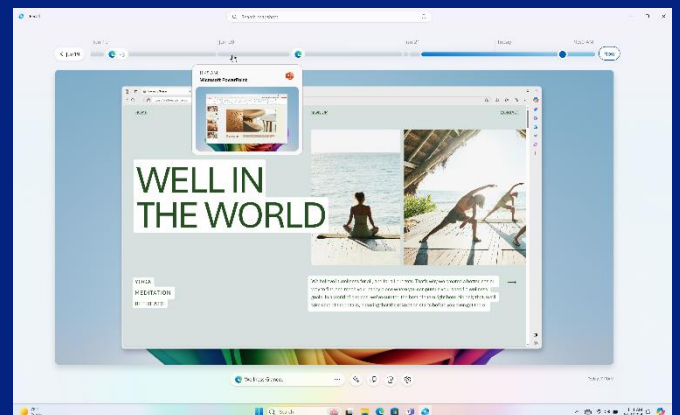

Create

Help bring your creative aspirations to life with custom images through Cocreator* in Paint. Enabled with advanced AI, you can now transform rough sketches with text and drawing prompts and make your vision come to life, just the way you want it.

*Cocreator is optimised for English text prompts. Requires Microsoft account.

Connect

No need for extra lights or soundproof rooms, the new Windows Studio Effects* help you look and sound your best. Voice Focus filters out background noise and makes sure you are heard. Meanwhile, an AI-enabled feature improves lighting and blurs visual distractions, so you're always the focus. With Live Captions, you stay connected and never miss a conversation. Instantly translate** your video calls or movies from any app or video platform into English subtitles in real time.

Find

Using simple prompts and natural language, AI recalls and instantly scans apps, files, emails and websites you've seen before to retrieve exactly the content you're looking for.
PCs ship with Recall* off by default, and you can activate during set up. You can choose the amount of system storage for Recall, and it will automatically delete the oldest files as your storage becomes full.

D&LL Technologies

Secure and Reliable

Crafted with high quality materials and designed for the real world — because that's where life happens.

The Dell 14 Plus 2-in-1 passed several stress tests to ensure exceptional reliability as you put it through the rigors of everyday..

Built to endure

From locker rooms to locked cars, we test laptops for survival in harsh short-term heat conditions of up to 65°C/149°F.

Everything hinges on it

We test laptop hinges to ensure they still feel tight, even after opening and closing the lid 20,000 times.

Fidget carefree

We even ensure the reliability of the webcam privacy shutter by opening and closing it 2100 times.

Buttoned-up

No matter what you set your power and multimedia buttons to do, we've tested them all to survive up to 40,000 pushes.

Twist and turn

Call us excessive, but after twisting a laptop's base and lid more than 7500* 4times (Test 2 edges and 2 corners), we can assure you the parts inside are well protected.
[CLM-013490](#)

Apart from the above, all Dell Plus products undergo Military grade stress testing, MIL-STD-810H, see details on page 20.

Plus, there is an additional layer of security with the built-in Trusted Platform Module to protect your data.

*Based on testing performed by Dell Labs, November 2024. Actual results may vary.

Built sustainably for unstoppable performance

Your laptop is designed with more sustainable materials like recycled and low emissions aluminum, recycled steel and recycled ocean-bound plastic while meeting the latest environmental standards like EPEAT Gold* with Climate+ and ENERGY STAR® 8.0 certification.

*Based on internal analysis December 2024 EPEAT Climate+ Designations achieved in all applicable countries. EPEAT registered where applicable. EPEAT registration varies by country. See www.epeat.net for registration status and tier levels by country.

CLM-013482

Why upgrade to the Dell 14 Plus 2-in-1

Impressive processing power
Featuring Intel® Core™ Ultra processors with dedicated engines for demanding tasks deliver exceptional performance, efficiency, & battery life.

Starting weight 3.55 lbs (1.61kg)
No need to compromise style for power.
Sleek, modern design
Stylish 14-inch 2-in-1 with on-device Copilot+ in a clean modern look and sophisticated Ice Blue color with tone-on-tone keyboard and a 360 hinge that allows for versatile and traditional ways of use.

Up to 24 hrs* battery life
Work confidently wherever with impressive battery life that lasts during marathon sessions.

[4] Battery life: Battery life may be significantly less than the test results and varies depending on product configuration and use, software, usage, operating conditions, power management settings and other factors. Tested configurations may not be available in all regions/countries at all times. Maximum battery life will decrease with time.
Ports & Slots

1. USB 3.2 Gen 1 Type-A (5Gbps)
2. Universal Audio Jack*
3. HDMI 2.1
4. USB 3.2 (10 Gbps) Type-C® port with DisplayPort™ 1.4 and Power Delivery
5. Thunderbolt™ 4 (40 Gbps) with DisplayPort™ 2.1 and Power Delivery

*Disclaimer: Universal Audio Jack: 3.5mm Universal Audio Jack functionality varies by model configuration. For best results, use Dell recommended audio accessories.

Dimensions & Weight

Height: 0.55" – 0.65" (14.00mm – 16.39 mm)
Width: 12.36" (314mm)
Depth: 8.90"   (226.15 mm)

Starting Weight*: 3.55 lbs. (1.61kg)

Dell 65Watt USB-C Adapter

The Dell 14 Plus 2-in-1 ships with a small, sustainable 65W USB-C power adapter, compatible across many Dell laptops. Built with 95% recycled plastic and 98% recycled aluminum** in key places, its chord is a convenient 3ft. (1m) long and has a cable clip to help pack up for travel.

*Weights vary depending on configurations and manufacturing variability.

NOTES:
Hard Drives: GB means 1 billion bytes and TB equals 1 trillion bytes; actual capacity varies with preloaded material and operating environment and will be less.
Graphics & System Memory: GB means 1 billion bytes and TB equals 1 trillion bytes; significant system memory may be used to support graphics, depending on system memory size and other factors.
Battery life figures are based on testing using the Mobile Mark 2014 battery life benchmark test. For more information about this benchmark test, visit www.bapco.com. Test results should be used only to compare one product with another and are not a guarantee you will experience the same battery life. Battery life may be significantly less than the test results and varies depending on your product's configuration, software, usage, operating conditions, power management settings and other factors. Maximum battery life will decrease with time and use.
Watt Hour (WHr) - The stated Watt Hour (WHr) is not an indication of battery life.
Notebook Weight: Weights vary depending on configuration and manufacturing variability.

DELLTechnologies

Recommended Accessories

Dell 27 Monitor - S2725DS

A 27-inch QHD monitor that optimizes eye comfort and features impressive visuals with outstanding acoustics in a lifestyle-inspired design.

Dell UltraSharp Webcam - WB7022

Experience best image quality in its class with the world's most intelligent 4K webcam.

Dell Multi-Device Wireless Keyboard and Mouse Combo - KM7120W

Seamlessly switch between 3 devices anytime with a click of the button and enhance your productivity with its 36-month battery life.

Dell 6-in-1 USB-C Multiport Adapter | DA305

A compact multiport 6-in-1 adapter that offers video, network, data connectivity and up to 90W power pass-through for your laptop.

Dell Premier Rechargeable Wireless Mouse - MS7421W

Get uninterrupted productivity with a rechargeable mouse that offers up to six months battery life on a full charge and recharges in just two minutes for a full day's work.

Dell Premier Wireless ANC Headset - WL7024

Stay focused anywhere with an intelligent wireless headset, featuring dual-directional AI-based noise cancellation and Adaptive ANC.

Dell EcoLoop Urban Backpack (Blue/Gray) - CP4523B/ CP4523G

Designed for organization and comfort, the Dell EcoLoop Urban Backpack 14-16 is built with the environment in mind and easily complements any lifestyle.

Dell Active Pen - PN5122W

Get a precise writing with this Dell Active Pen (AES). With no pairing required, you can start using the pen right away. Compatible with select Dell 2-in-1s.

Services for Dell Plus

Dell has services to help with technology needs throughout the life of your device. Our mission is to be the technology services provider you trust to keep you connected and productive so you can focus on doing more.

Dell Care Premium: Built for you, backed by us.

Enjoy the best in personal PC care with 24/7 expert support for all your hardware and software needs. If we can't fix it remotely, a Dell technician will come to you for Onsite Support1. SupportAssist2 predicts and resolves issues while keeping your PC fast, connected and stable. You'll also get data backup help, parental control setup, and repairs for accidents like drops and spills with no hidden fees or deductible. Plus, stay connected with international travel support.

ProSupport Plus for PCs your business solution

For Windows Pro OS, upgrade to ProSupport Plus for your business needs. Automate and customize support to eliminate downtime across your fleet. Get 24/7 priority access to in-region technical support, next business day onsite repairs and proactive monitoring. Plus, accidental damage coverage, self-healing automated remediation and more.

Accidental Damage Service[3]

Stay worry-free with protection from accidental drops, spills and electrical surges. Access to repairs is easy, with support designed to keep you up and running at your best. Accidental Damage is included with Dell Care Premium and ProSupport Plus.

Important details

Hard Drives: Hard Drive capacity varies with preloaded material and will be less.

Graphics & shared memory: System memory may be used to support graphics, depending on system memory size and other factors.

Weight: Weights vary depending on configuration and manufacturing variability.

Limited hardware warranty: Limited Hardware Warranty is available by writing: Dell USA LP, Attn: Warranties, One Dell Way, Round Rock, TX 78682 or See dell.com/warranty.

Accidental Damage: Accidental Damage Service excludes theft, loss, and damage due to fire, flood or other acts of nature, or intentional damage. Customer must return damaged unit. Limit of 1 qualified incident per contract year. See dell.com/servicecontracts.

Mail-In Service for Repair after Remote Diagnosis: Mail-In Service after Remote Diagnosis is determination by online/phone technician of cause of issue; may involve customer access to inside of system and multiple or extended sessions. If the issue is covered by Limited Hardware Warranty and not resolved remotely, shipping instructions will be provided. Availability varies. See dell.com/servicecontracts.

Rapid Return for Repair after Remote Diagnosis: Rapid Return for Repair after Remote Diagnosis is determination by online/phone technician of cause of issue, which may take multiple extended sessions. If issue is covered by Limited Hardware Warranty and not resolved remotely, shipping instructions will be provided. Next Business Day shipping not available in all areas, which may delay repair and return times. See Terms and Conditions.

*EPEAT registration varies by country. Please see www.epeat.net for specific country registration and rating.
