

Supercharge your workflow with AI

Latitude 5455

*Copilot+ PC powered by
Snapdragon X Series*

Copilot+ PC powered by Snapdragon® X Series¹

Effortlessly tackles complex workloads with game-changing performance and up to 27 hours of battery life,¹⁰ thanks to a three-tier processing architecture with a CPU, GPU and NPU.

Qualcomm® Oryon™ CPU with up to 10 cores

Whether you're coding, sharing complex files or analyzing large data sets, new Qualcomm Oryon™ processors give you boosted performance and efficiency.

Qualcomm Adreno GPU³

Easily stream, share, and create from anywhere with stunning graphics that delight.

Qualcomm Hexagon NPU

AI-dedicated chip improves power efficiency, extends battery life, and runs quietly.

Windows on Arm®

Snapdragon compute platforms run the Windows on Arm® operating system.

App compatibility

Whether it's productivity, browsers, video conferencing and collaboration or multimedia, Snapdragon compute platforms support many applications⁴ so you can maintain mobility and productivity across any task.

Dell Services

Assistance from Dell Services is available to help you evaluate applications and provide best practices for a successful Windows on Arm® deployment, including:

- Providing tailored guidance about transitioning to Arm with staff residency
- Loading your existing Arm compatible image directly onto PCs prior to factory shipment

Polished design

With a durable 3-piece aluminum design in Titan Gray, our thinnest Latitude mainstream laptop ever⁶ looks sleek and professional from every angle.

Intentionally designed to lower environmental impact

- Designed with recycled and low-emissions aluminum in the chassis⁷
- Ships with 50% recycled cobalt in the battery⁸
- 100% recycled or renewable packaging materials that are also 100% recyclable⁹
- Meets the highest environmental standards for energy efficiency and climate impact¹⁰

Collaboration and productivity anywhere you work

Give your work the space it deserves on a 16:10 screen. See it all clearly with crisp FHD+ resolution.

Connectivity

Connect with colleagues wherever you work with Qualcomm FastConnect Wi-Fi 7.

Loud and clear audio

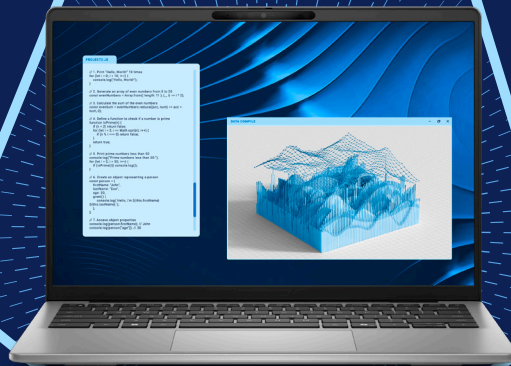

High-quality, dual speakers provide loud and clear audio and AI-based noise reduction keeps conversations focused⁵

Intelligent software

Leverage built-in AI software, Dell Optimizer, to provide application and power optimization, in one easy, intuitive interface.

Secure anywhere-work

Rigorous supply chain controls help ensure you are secure from first boot. Stay protected from evolving threats with built-in BIOS security and end-user credential protection.

Windows Copilot+ PC

FIND

Using simple prompts, natural language, and AI; Recall¹ instantly scans apps, files, emails and websites you've seen before to retrieve exactly the content you're looking for.

See aka.ms/copilotpluspcs.

DO

Streamline your workflow and increase your productivity with Copilot, an AI assistance tool that summarizes emails, analyzes spreadsheets, drafts proposals, creates presentations and more. With Microsoft 365² you can stay organized, collaborate and get work done in a snap.

COLLABORATE

No need for extra lights or soundproof rooms— new Windows Studio Effects³ help you look and sound your best. Voice Focus filters out background noise and makes sure you are heard. AI improves lighting and blurs distractions, so you're always the focus.

CONNECT

With Live Captions, you stay connected and never miss a conversation. Instantly translate⁴ your video calls or movies from any app or video platform into English subtitles, in real time.

Sustainable innovation

Built with sustainable materials

Designed for sustainability with a range of materials like recycled and low-emissions aluminum in the chassis¹; 50% post-consumer recycled plastic in the bezel; 30% post-consumer recycled plastic in the speaker box, inner frame of the lid, palmrest and bottom cover²; and 15% recycled steel in the touchpad bracket³.

This device ships with 50% recycled cobalt⁴ in the battery, and the adapter is designed with 95% recycled plastic in the case and 98% recycled aluminum in the thermal shielding⁵.

Low-impact packaging

Ships in packaging made with 100% recycled or renewable content that is 100% recyclable⁶.

Responsible IT asset retirement

Dell APEX offerings and Asset Recovery Services make it easier for our customers to modernize responsibly, and reduce over-provisioning and e-waste, on schedule and within budget.

Dell makes it easy to access and replace parts to get the most life out of our products.

Environmental Certifications & Registrations

Meeting environmental standards demonstrates how our products adhere to energy-efficiency specifications and other extensive climate-related standards. This laptop is Certified ENERGY STAR and EPEAT gold registered with Climate+ designation.⁷

Up-level your PC experience with Dell Displays and Accessories

Fuel productivity and collaboration with a complete Dell ecosystem that is designed and tested to work Better Together with your Latitude 5455.

Simplify IT

Our most secure¹ and most manageable⁴ offerings make IT management a breeze

World's Most Secure Commercial PCs¹

According to Principled Technologies, no PC manufacturer offers the BIOS-level visibility Dell does.

SECURITY

Improve fleet-wide security with multiple layers of defense.

Reduce the attack surface and enhance long-term cyber resilience with [Dell Trusted Workspace](#)

Be secure from first boot with rigorous supply chain controls.

Maintain BIOS integrity with deep, firmware-level visibility.

Protect end-user identity from malware that looks to steal credentials.

Enrich OS-level data with PC telemetry to speed detection, response and remediation.

Layer on advanced threat protection from our ecosystem of best-of-breed software partners.

Shrink the IT-security gap with an integrated, AI-enabled solution

Explore hardware-assisted security with Dell, Intel & CrowdStrike.

MANAGEABILITY

Manage your fleet of PCs - reliably and easily

Help secure and optimize your endpoints and deliver end-user productivity with [Dell Manageability Solutions](#)

With [Dell Management Portal](#), you can manage Dell PCs, over the cloud, in conjunction with Microsoft Intune. [Dell Management Portal >](#)

Update and secure your fleet of Dell PCs, with one application – [Dell Client Device Manager](#).⁵

[Dell Trusted Update Experience](#) makes it simple to update endpoints with the latest BIOS and driver versions. Dell is the only Top-5 PC vendor that:

Publishes² a device drivers and downloads release schedule:

IT Admins can deploy fleet-wide device updates on a predictable timeline.

[Learn More >](#)

Dell has the industry's first:⁵

Partner Portal accessible in Microsoft Intune, with fleet-wide BIOS password access capability and Enterprise application access and publication capabilities

Enterprise application with modular update and security deployment capabilities, within the Dell Partner Portal, accessible via Microsoft Intune

Binary Large Object (BLOB) package-based solution, for endpoint BIOS settings configuration, using Microsoft Intune

Hardware OEM systems management solution to integrate with Intel vPro

Simplify PC refresh with Dell Services

Enabling every step of the PC lifecycle

Dell Technologies APEX

1st

and most comprehensive¹

As-a-service portfolio that spans from multi-cloud to client devices. Experience the flexibility to transform your IT and deploy the latest technologies at predictable costs.

Dell APEX PC-as-a-Service

Fully customizable monthly subscription that can include PCs, peripherals, software and services with no upfront investment.

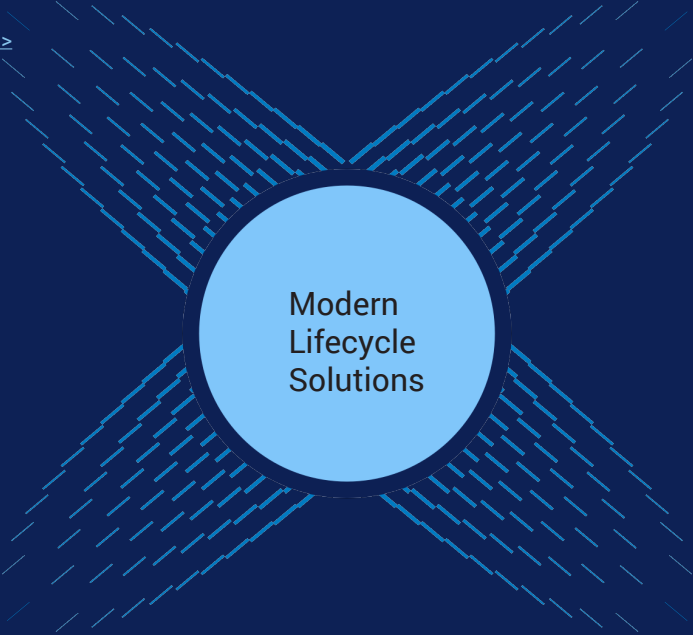

[Dell APEX PC-as-a-Service \(PCAAS\) >](#)

ProDeploy Client Suite

PC refresh starts with getting new devices in the hands of your end-users. Dell ProDeploy Suite streamlines operations and increases productivity with configured PCs that are ready to use on day one with dynamic cloud-based provisioning and imaging.

When transitioning from old to new technology, ProDeploy Plus includes the ability to securely erase sensitive end-user data with sophisticated tools to sanitize devices and includes Asset Recovery Services for responsible retirement.

[Dell ProDeploy Client Suite >](#)

Modern Lifecycle Solutions

Dell Premier

324%

ROI over 3 years⁵

Modernize IT purchasing by shopping your catalog in a tailored online solution. Gain control over the entire IT ecosystem to cut costs, standardize ordering, access analytics and more.

[Dell Premier >](#)

Asset Recovery Services

2.8B

Pounds of electronics recovered through all recovery programs since 2007²

Let Dell help you securely and responsibly retire your old IT equipment - regardless of brand - to allow for a seamless transition from old to new technology, while protecting both your business and the planet.

[Asset Recovery Services >](#)

ProSupport Suite for PCs

ProSupport Suite is more than a 24/7 break-fix solution, it's a set of tools that automate and optimize your environment with little to no human intervention or end-user disruption.

Select from a robust library of Dell-authored scripts that correct company-wide issues quickly, minimizing remediation times and maintaining peak system performance. ProSupport Suite provides telemetry-driven data to arm IT with insights and make targeted updates, all controlled from a single dashboard.

FEATURE	TECHNICAL SPECIFICATION
MODEL NUMBER¹	Latitude 5455 (laptop)
CHASSIS MATERIAL & COLOR	Aluminum (50% Recycled, 100% Low Carbon), Titan Gray
DISPLAY¹	14.0" 16:10 FHD+, (1920x1200), IPS, Non Touch, 300 nits, sRGB 100%, Anti-glare
PROCESSOR OPTIONS¹	Qualcomm® Snapdragon® X Plus X1P-64-100 (10 cores up to 3.4GHz, NPU up to 45 TOPS) Qualcomm® Snapdragon® X Plus X1P-42-100 (8 cores up to 3.4GHz, Single Core Boost up to 3.8 GHz, NPU up to 45 TOPS)
AI ACCELERATOR	This Latitude system features a neural processing unit (NPU) and next gen AI PC level performance with over 40 TOPS on NPU alone. An NPU is a microprocessor that specializes in the acceleration of machine learning tasks. NPU helps to offset the resources from CPU and/or GPU, consumes low power and improves resource utilization when processing massive multimedia data such as video and images. AI accelerator supports Copilot in Windows as well as other software features built for NPU.
CHIPSET¹	Integrated with the processor
OPERATING SYSTEM¹	Microsoft® Windows 11 ARM Home 64-bit Microsoft® Windows 11 ARM Pro 64-bit
GRAPHICS^{1,13}	Next Gen Adreno 740 UMA Graphics GPU
MEMORY OPTIONS^{1,3}	Up to 32 GB LPDDR5x SDRAM 8448 MT/s (on board)
STORAGE OPTIONS^{1,3}	up to 1 TB, M.2 2230, PCIe Gen4 NVMe, SSD
SECURITY¹	Hardware TPM 2.0 Pluton security processor Chassis intrusion switch - Remotely detects hardware tampering and is integrated with Dell SafeBIOS Indicators of Attack. Optional Windows Hello Optional Windows Hello compliant fingerprint reader in power button Face IR camera (Windows Hello compliant) Camera Shutter
DOCKING¹	(Docks are optional, sold separately) Dell Thunderbolt™ Dock - WD22TB4 Dell Performance Dock - WD19DCS Dell USB-C Dock - WD19S Dell Universal Dock - UD22 Dell Dual Charge Dock - HD22Q
CONNECTIVITY OPTIONS¹	Microsoft Modern Standby Compliant Wireless LAN Options ⁸ : Qualcomm® FastConnect 7800 Wi-Fi 7 WCN7851, 2x2, 802.11be, MU-MIMO, Bluetooth® 5.4 wireless card
CAMERA OPTIONS¹	FHD IR Camera Experiences: Windows Hello, low light capability + Temporal Noise Reduction, Proximity Sensor + Camera Shutter
AUDIO & SPEAKERS¹	2x bottom firing dual stereo speakers with Qualcomm® Aqstic™ Speaker Max technology Dual-array microphones with Qualcomm® Audio and Voice Communication Suite AI noise reduction
MICROPHONE¹	2 x Noise Canceling Microphones
BATTERY OPTIONS^{1,6}	3 cell 54 Wh, Li-ion, ExpressCharge 1.0™
POWER OPTIONS¹	65W AC adapter, USB Type-C, EcoDesign
PORTS, SLOTS & CHASSIS¹	2 x USB Type-C USB 4.0 with Power Delivery & DisplayPort 2.1 1 x USB 3.2 Gen 1 with Power share 1x Optional Touch Fingerprint Reader in Power Button 1 x Universal Audio jack 1 x Micro SD Reader
TOUCHPAD	Precision Clickpad with multi-touch gesture support
INPUT¹	Spill Resistant Backlit Keyboard
SENSORS¹	Accelerometer Windows Hello Sign In (via Camera-based proximity)
DIMENSIONS^{1, 15}	Width: 314 mm / 12.36 in Height: 17.9 mm / 0.70 in Depth: 223.75 mm / 8.81 in Screen to Body: 85.63% Laptop Starting Weight: 1.53 kg / 3.37 lbs
WHAT'S IN THE BOX	Laptop Adapter of your choice Power Cable Documentation - Quick Start Guide

Leading the industry in sustainable practices to reduce the environmental impact of our products and packaging.

FEATURE	TECHNICAL SPECIFICATION	DESCRIPTION
MODEL NUMBER ¹	Latitude 5455	
SUSTAINABLE MATERIALS ²	<p>Post-consumer recycled plastic (PCR) and closed loop ITE derived plastic - chassis</p> <p>Closed loop ITE derived plastic-NA Post-consumer recycled plastic²: 50% post-consumer recycled plastic in the bezel; 30% post-consumer recycled plastic in the speaker box, inner frame of the lid, palmrest and bottom cover</p> <p>Post-consumer recycled plastic (PCR) - power adapter³ (65-Watt): 95% in adapter case, inlet</p> <p>Recycled aluminum - power adapter³ (65-Watt): 98% recycled aluminum in thermal shielding</p> <p>Recycled and low emissions aluminum⁷: Lid designed with 50% low emissions and 50% recycled aluminum. Bottom cover and palm rest are designed with 100% low emissions aluminum.</p> <p>Recycled cobalt⁴ 50% in battery</p> <p>Recycled steel² 15% in the touchpad bracket</p> <p>Recycled or renewable packaging materials⁹ 100% recycled or renewable and recyclable packaging</p>	<p>Post-consumer recycled plastic is plastic waste generated by households, industrial, commercial or institutions repurposed in the PC design. Closed loop plastic is reclaimed plastic from any disposed IT product repurposed in the PC design.</p> <p>Recycling aluminum helps divert material from landfills, where it would otherwise contribute to the growing problem of waste disposal. Aluminum is durable and does not degrade during the recycling process, making it a material that can be recycled repeatedly.</p> <p>The combination of using low emissions aluminum which is aluminum derived from a hydropower source and recycled aluminum helps reduce the carbon footprint of the material.</p> <p>Majority of recycled cobalt used in PC batteries is sourced from the EV batteries and the remainder is sourced from consumer electronics. Virgin cobalt resources are fast depleting and using recycled cobalt helps build a circular economy. Using recycled cobalt is a less energy intensive process and produces lesser waste than mining virgin cobalt.</p> <p>Incorporating recycled steel helps minimize the usage of virgin material and related mining activities, while re-purposing waste that would have ended up in landfills.</p> <p>Using recycled or renewable materials lowers waste and helps lower environmental impact. Materials may include recycled content and/or renewable content, in the form of sustainably forested fibers.</p>
ECO-LABELS ^{1,10}	<p>EPEAT Climate+™ Yes</p> <p>EPEAT Gold</p> <p>Energy Star 8.0 Yes</p>	<p>This is a product level designation for EPEAT-registered products which meet the industry's best climate criteria.</p> <p>Meeting globally recognized eco-label certifications for sustainable IT, our customers can trust that Dell products adhere to the highest energy-efficiency specifications and other climate-related standards. Product registry: https://www.epeat.net/</p> <p>Energy Star 8.0 is a specification recognizing the most energy-efficient PC's, backed by Environmental Protection Agency (US).</p>
MULTI-PACK SHIPPING ^{1,11}	Dell Multi-pack Yes	Dell Multi-pack offers a simpler, more efficient unboxing experience vs. single pack products, with less packaging waste and better pallet optimization for transportation.
ASSET RECOVERY SERVICES ⁶	Asset Recovery Services Yes	Asset Recovery Services helps our customers resell, recycle or return-to-lease legacy IT equipment in a secure and sustainable manner, while unlocking value that can be put towards future innovation.

FEATURE	TECHNICAL SPECIFICATION	DESCRIPTION
MODEL NUMBER¹	Latitude 5455	
DELL OPTIMIZER (INCLUDED)	Application Optimization Power Optimization	Prioritizes performance for any application that you're actively using in the foreground by reallocating resources from applications running in the background. Customize your PC's thermal settings (optimized, cool, quiet, ultra performance) to balance PC performance and fan noise, as well as monitor battery health.

Improve fleet-wide security with hardware and software protections from Dell Trusted Workspace.

FEATURE	TECHNICAL SPECIFICATION	DESCRIPTION
MODEL NUMBER¹	Latitude 5455	
HARDWARE & FIRMWARE SECURITY (INCLUDED)	Dell UEFI Secure Boot Dell Fused Root of Trust BIOS Passwords	Mitigates threats and exploits that may be delivered via unsigned bootloaders, UEFI shells, or UEFI drivers on add-in devices. Embedded controller fused code integrity verification and root of trust for data. The EC code and data are protected against tampering and information disclosure. Prevents user from booting the computer unless the correct system password is provided. Once password is provided to the computer, the BIOS setup options can be modified.
HARDWARE & FIRMWARE SECURITY (OPTIONAL)	Tamper-evident packaging Hard drive wipes Camera shutter Chassis intrusion switch	Detect tampering with this supply chain assurance offering. Available only in North America. Sanitize the hard drive in accordance with National Institute of Standards and Technology (NIST) guidelines with this supply chain assurance offering. Available only in North America. Physical camera shutter for privacy. Remotely detects hardware tampering.
SOFTWARE SECURITY (OPTIONAL)	Dell SafeGuard & Response: CrowdStrike, Secureworks Dell SafeData: Netskope	Threat prevention, detection, response and remediation. Cloud and network data protection.

Securely manage & optimize your endpoints and deliver end-user productivity with Dell Manageability Solutions.

MANAGEABILITY SOLUTIONS (INCLUDED)	Dell Client Command Suite	Streamline how you deploy drivers, configure BIOS, monitor devices, and manage updates.
	Dell Trusted Update Experience	Simplify how you update your endpoints with latest BIOS, driver, and firmware versions.
	DellSupport Assist - Home, Business, OS Recovery	

Modernize IT with comprehensive lifecycle services and support.

Learn more: Dell.com/support

FEATURE	TECHNICAL SPECIFICATION	DESCRIPTION
MODEL NUMBER ¹	Latitude 5455	
SUPPORT SERVICES (OPTIONAL) ^{5,6}	ProSupport for PCs	Hardware break/fix with next business day service, 24x7 in-region technical support on hardware and software issues. Includes access to SupportAssist for proactive issue resolution and AI-powered fleet insights.
	ProSupport Plus for PCs	Hardware break/fix with next business day service, 24x7 priority access to in-region technical support for hardware and software issues PLUS Accidental Damage coverage, Keep Your Hard Drive and a Service Account Manager (with 500 devices). Includes access to SupportAssist for proactive and predictive automations and AI-powered fleet insights.
	ProSupport Flex for PCs	Flexible options to supplement in-house IT (1,000 device requirement) - Change to: Hardware break/fix with next business day service, 24x7 in-region technical support on hardware and software issues and a Service Account Manager plus the OPTION to choose Accidental Damage coverage or Keep Your Hard Drive. Includes access to SupportAssist for proactive and predictive automations and AI-powered fleet insights.
DEPLOY SERVICES (OPTIONAL) ⁶	ProDeploy Flex for Client	ProDeploy Flex allows customers with specific deployment needs to mix and match standardized options to fit their needs.
	ProDeploy Essentials for Client	From initial PC setup and preparation to data transfer, whether remote or onsite, ProDeploy Essentials is geared toward limited interruption for the end user.
	ProDeploy for Client	ProDeploy partners with IT to apply common customization of hardware settings and software so systems meet IT specifications for security, software and network protocols.
	ProDeploy Plus for Client	With ProDeploy Plus, we bring it all together to take care of end-user needs and efficiently meet IT specifications while working with IT teams to plan, configure and deploy systems that are ready-to-work, using modern solutions.
	Asset Recovery Services	Securely and responsibly retire legacy IT equipment and unlock value to fund new innovation and help your business grow.
	Logistic Services	Warehouse your products at our facility for up to 180 days and take delivery on the day and time that best meets your needs. Schedule your IT resources to be in place when you need them – on the exact day the new systems arrive. Available in NA, EMEA and APJ.
	Configuration Services	Image Load, Asset Tag, BIOS Customization, HDD Partitioning, Software Installation, Laser Etch, Data Security.
MANAGE SERVICES (OPTIONAL) ⁶	Lifecycle Hub	Combines warehousing and inventory management with configuration services and deployment expertise into one end-to-end solution. With included return, repair, and refurbishing services, Dell Lifecycle Hub helps keep employees working, maximizes use of device inventory and frees up IT resources to focus on business priorities. Available in US, Austria, Belgium, Czech Republic, Denmark, Finland, France, Germany, Greece, Ireland, Italy, Luxembourg, Netherlands, Poland, Portugal, Slovakia, Spain, Sweden, UK.
	Managed Detection and Response Pro Plus	A fully-managed, 360-degree security operations solution designed to prevent threats, quickly detect and contain attack attempts, and help recover your IT environment in the event of a breach.

FEATURE	TECHNICAL SPECIFICATION
MODEL NUMBER ¹	Latitude 5455

1. Based on Dell analysis, April 2024.
2. High-Efficiency Video Coding (HEVC) content playback on the system and on an external display as well as HEVC content streaming is supported on configurations with a discrete graphics card, built in 4K panel, Dolby Vision or CyberLink Blue-ray player; for other configurations HEVC content playback on the system will require a separate purchase and download of software HEVC codec or third-party media players.
3. For more details about applications on Qualcomm Snapdragon processors, please refer to Windows Arm-based PCs FAQ. The link will lead to MSFT's WoA FAQ page. <https://support.microsoft.com/en-us/windows/windows-arm-based-pcs-faq-477f51df-2e3b-f68f-31b0-06f5e4f8ebb5>.
4. Wi-Fi 7 certified products will roll out in accordance with the Wi-Fi Alliance certification schedule throughout 2024. Wi-Fi 7 requires the latest Wi-Fi Alliance certification, Windows HLK certified device driver, hardware update, supported Windows OS version and compatible router. Wi-Fi 7/6E connectivity (6 GHz) with Windows 11 is limited and will leverage prior generation of Wi-Fi 6E/Wi-Fi 6 speeds until drivers are available and hardware adoption increases. Ubuntu OS will not support Wi-Fi 7 and will operate on Wi-Fi 6E/6 speeds when configured for Wi-Fi 7. Router requires a separate purchase. Wi-Fi 7/6E (6 GHz) connectivity is only available in select locations. Check availability with your service provider. The Bluetooth wireless card version may vary depending on the operating system that is installed on your computer.
5. Based on Dell product analysis May 2024
6. Lid designed with 50% low emissions and 50% recycled aluminum. Bottom cover and palm rest are designed with 100% low emissions aluminum. Based on internal analysis, May 2024.
7. Based on internal analysis, May 2024. Applies to the 54Whr battery.
8. Contains 93.8% recycled content and 6.2% renewable materials. Renewable materials in the form of sustainably forested fibers. Percentages may vary slightly by region. Excludes optional items added to order and included in box. Paper packaging materials can be recycled via municipal recycling, where available. System bag is made from recycled plastic and can be recycled along with other thin plastics. See local recycling guidelines.
9. Based on internal analysis, January 2024. Based on EPEAT Climate+ Designations achieved in all applicable countries. EPEAT registered where applicable. EPEAT registration varies by country. [See www.epeat.net](http://www.epeat.net) for registration status and tier levels.
10. Battery life, up to 27 hours based on Latitude 5455 tested with Snapdragon® X Plus, FHD+ display, 16GB, 1TB SSD. Testing conducted by Dell labs in Aug 2024 using the Microsoft Movies & TV app. Actual battery life may be significantly less than the test results and varies depending on product configuration and use, software, usage, operating conditions, power management settings and other factors. Tested configurations may not be available in all regions/countries at all times. Maximum battery life will decrease with time.

1. Offering may vary by country and by configuration and Operating System
2. GB means 1 billion bytes and TB equals 1 trillion bytes; actual capacity varies with preloaded material and operating environment and will be less.
3. The stated Watt Hour (Whr) is not an indication of battery life. Express Charge 1.0 (EC1.0) enables quick battery charging to 80% capacity in 60 min or 100% capacity in 120min. Express Charge 2.0 (EC2.0) enables quick battery charging to 80% capacity in 35min. Express Charge Boost (ECB) enables quick battery charging to 35% capacity in 20min. Charging patterns for EC1.0, EC2.0 and ECB are measured for the system in the shutdown state. Long life cycle battery has the charging pattern to enable longer life. Long-life cycle battery is capable of 3 years life, or 1000 discharge/charge cycles and Dell provides 3 years limited hardware warranty for this battery.
4. Wi-Fi7/6e which has the 6Ghz band requires Windows 11 Operating system and compatible router. Router requires a separate purchase. WiFi 7/6E (6GHz) connectivity is only available in select locations. Check availability with your service provider. The Wi-Fi 7 card will operate on Wi-Fi 6E/6 speeds when Wi-Fi 7 is unavailable. Drivers for Wi-Fi 7 will be available mid-2024 (Win11 24H2 update). Dates are subject to change without notice. Ubuntu OS will not support Wi-Fi7 and will operate on Wi-Fi 6/6E speeds when configured for Wi-Fi7. The Bluetooth wireless card version may vary depending on the operating system that is installed on your computer.
5. Significant system memory may be used to support graphics, depending on system memory size and other factors.
6. Weights vary depending on configuration and manufacturing variability.

1. Not all technical specifications available per system configuration. Offering may vary by region. Some items may be available after product introduction. For complete details, refer to the Owner's Manual published on www.dell.com/support.
2. Based on internal analysis, May 2024
3. Based on internal analysis, February 2024
4. Based on internal analysis, May 2024. Applies to the 54Whr battery.
5. Dell Services: Availability and terms of Dell Services vary by region. For more information, visit www.dell.com/servicedescriptions.
6. Dell Technologies has recovered 2.6 billion pounds of electronics since 2007. Source: Based on Dell internal analysis of publicly available data, April 2023.
7. For complete listing of declarations and certifications, refer to the Dell Regulatory and Environmental Datasheet found in the Manuals section of Product Support information www.dell.com/support/home/us/en/19.
8. Contains 93.8% recycled content and 6.2% renewable materials. Renewable materials in the form of sustainably forested fibers. Percentages may vary slightly by region. Excludes optional items added to order and included in box. Paper packaging materials can be recycled via municipal recycling, where available. System bag is made from recycled plastic and can be recycled along with other thin plastics. See local recycling guidelines.
9. Based on internal analysis, January 2024. Based on EPEAT Climate+ Designations achieved in all applicable countries. EPEAT registered where applicable. EPEAT registration varies by country. See www.epeat.net for registration status and tier levels.
10. Latitude product is BFR/PVC free, accessories like adapters and cables may not be BFR/PVC free. Dell is meeting the definition of BFR-/CFR/PVC-free as set forth in the iNEMI Position Statement on the 'Definition of Low-Halogen Electronics (BFR-/CFR-/PVC-free)'. Plastic parts contain less than 1,000 ppm (0.1%) of bromine (if the Br source is from BFRs) and less than 1,000 ppm (0.1%) of chlorine (if the Cl source is from CFRs or PVC or PVC copolymers). All printed circuit board (PCB) and substrate laminates contain bromine/chlorine total less than 1,500 ppm (0.15%) with a maximum chlorine of 900 ppm (0.09%) and maximum bromine being 900 ppm (0.09%)
