

Room for everything.
Ready for anything.

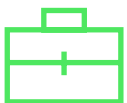

Dell Pro 14-16 Plus EcoLoop Urban Backpack

MODEL: CP5625G

The Dell Pro 14-16 Plus EcoLoop Urban Backpack is built to support your day-to-day journeys. Combining a spacious design, sustainable materials, and durable construction, it's perfect for work, the gym, or weekend trips. Stay organized, eco-conscious, and ready for anything.

EcoLoop™

Spacious and versatile

The large main compartment fits laptop up to 16 inches, with a dedicated sleeve for protection. Organize your essentials with the front organizer, slip pockets, and roomy side pockets for water bottles or accessories. Whether it's work tools or personal items, this backpack adapts to your needs.

Designed with the environment in mind

Sustainability meets functionality with Dell EcoLoop materials, crafted from 52% recycled content, using approximately 31 recycled plastic bottles.¹ Even the packaging is made from 100% recycled or renewable materials, offering a responsible choice for you and the planet.

Durable and protective

Built to last, the durable and water-resistant 300D rPET fabric withstands wear and tear. Foam padding surrounds the contents for 360-degree protection, while an extra PU coating and reflective details ensure your items stay safe, no matter the conditions.

¹ Based on Dell internal analysis, March 2025. Plastic bottle estimate assumes a 500 ml plastic water bottle, weighing approximately 9.25 grams.

Spacious large main compartment fits laptop up to 16 inches, accessories, gym shoes, clothes, and more, with a carry capacity of up to 27L.

Dedicated laptop sleeve with 360-degree foam padding for superior protection.

Vertical quick-access pocket offers easy reach for items like phones or keys.

Reflective strips on the front pocket and shoulder straps improve visibility during low-light commutes.

Two large side pockets conveniently hold water bottles or other accessories.

Durable RPET fabric is water-resistant, with extra PU coating at the bottom for enhanced protection against dirt and moisture.

Front organizer includes pen slots and slip pockets for smaller essentials.

EcoLoop™

This backpack is now made with 52% recycled content, using approximately 31 recycled plastic bottles.¹

Packaging is now made from 100% recycled or renewable materials with the elimination of plastic bags.²
