Best Active Noise Cancelling Headphones at \$50 with Hi-Res Sound

Hybrid Active Noise cancelling

Thanks to the combination of 2 internal and 2 external microphones, the headphones detect external noise, such as aircraft and car noise, and reduce them extremely effectively by up to 90%

Custom oversized 40mm dynamic drivers produce Hi-Res audio

Noise cancelling headphones feature dynamic 40mm drivers that produce detailed sound and rich beats with Bass Up technology. They are also compatible with Hi-Res certified audio via AUX cable to provide more details

Up to 40 hours playtime in ANC mode

With 40 hours of battery life in ANC mode and 60 hours in normal mode

Choose from 22 EQ settings or use Customized EQ to create a personalized sound profile
