

Silent clicks, seamless precision

Dell Pro 7 Silent Mouse

MODEL: MS746

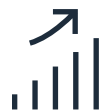

Boost productivity with our sleek, premium mouse, offering customizable workflows and industry-leading battery life.

Engineered for all-day comfort

Redefine comfort with a silent mouse engineered to reduce distractions and boost focus. Featuring a full-size design with a textured grip for superior control and upgraded feet for an ultra-smooth glide, this mouse ensures effortless navigation and all-day comfort.

Power through tasks with precision

Maximize productivity with up to 36 months of battery life¹ and customizable workflows, featuring 4 programmable buttons² for tailored efficiency. Enjoy precise control with adjustable cursor speed of up to 6K DPI² and adaptive scrolling, offering smooth tactile precision or fast scrolling mode for effortless navigation.²

Secure, seamless, and easy to manage

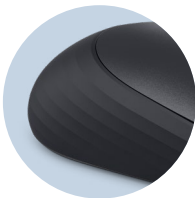

Simplify device management with the Dell Device Management Console, enabling mass firmware deployment for IT managers. Enjoy advanced security with the Dell Secure Link USB Receiver, powered by FIPS-approved algorithms³ and enhanced with proprietary Dell technology for peace of mind.

¹ Up to 48 months battery life applicable to the mouse. Based on Dell analysis of battery life usage model calculations, Nov. 2025. Results vary depending on use, operating conditions and other factors.

² Enabled via Dell Display and Peripheral Manager (DDPM).

³ Based on internal analysis, August 2025. Actual results may vary.

Experience silent performance and industry-leading battery life that keeps you powered through every task.

Better grip and palm support with textured grip on sides and scroll wheel

Ultra-smooth glide with upgraded feet material

Enterprise-grade security with 128-bits AES encryption and powered by FIPS-approved algorithms

Up to 36 months of battery life² for uninterrupted productivity

This mouse is sustainably made with up to **68% post-consumer recycled plastic³**

¹ Enabled via Dell Display and Peripheral Manager (DDPM).

² Based on Dell analysis of battery life usage model calculations, Nov. 2025. Results vary depending on use, operating conditions and other factors.

³ Based on internal analysis, November 2025. The mouse is made with 68% post-consumer recycled plastic, calculated as a percentage of the total plastic weight of the products.

FEATURE	TECHNICAL SPECIFICATION
